„ Planning and Visualization Tools for Middle Ear Implantology – Final results from a German and Swiss Two Center Study“

Dear Colleagues,

With a short presentation of results I would like to thank everybody in the ICCAS and all the ENT specialists at the University of Leipzig for the warm welcome, the hospitality and the support which was so essential for my Fellowship at the ICCAS from 1.7.2013 to 30.6.2014.

Yours

Patrick Dubach
