

Technology and Simulator Officer (m/f/d)

(10087)

LernKlinik Leipzig

Full-time, permanent position

TV-L EG 9b

Start date is January 1, 2026

The LernKlinik Leipzig is the skills and simulation center of the Faculty of Medicine, where students of the faculty's four primary qualifying degree programs (human medicine, dentistry, pharmacy, midwifery) learn clinical practical and communication skills and abilities in simulation.

The Tasks

- Coordination and technical support for high-fidelity simulation at the LernKlinik with a focus on
- interprofessional scenario training
- Support for simulation technology and the audio/video system at the LernKlinik
- Control of medical simulators within the framework of the teaching units offered
- Ensuring operational readiness (maintenance, coordination of servicing, troubleshooting, and minor repairs)
- Implementation of new technologies in teaching (AR/VR technology, eye tracking)

Your profile

- Completed degree in technical subjects or training as a paramedic, emergency paramedic, medical technician, medical IT specialist, teaching paramedic, medical-technical assistant, or at least equivalent relevant qualification. Qualifications as a CRM simulation instructor, ERC-ALS provider, qualification as a practical instructor, or similar are desirable.
- Good knowledge of media technology, mechatronics, and IT
- Knowledge of medical and nursing work processes and technical terminology; fundamental interest in the field of medicine and other health professions
- Very good IT skills (especially MS Office applications, Adobe Acrobat)
- Systematic, independent, and structured approach to work, as well as a high level of service and team orientation; very good verbal and written communication skills in German
- Familiarity with the areas of responsibility and fields of activity of public institutions is an advantage

We offer:

- A modern workplace and attractive working conditions (mobile working)
- Flexible working hours and a good work-life balance
- A discounted local public transport ticket (MDV JobTicket)

About us – the Faculty of Medicine

With a tradition stretching back over 600 years, the Faculty of Medicine at Leipzig University is one of the largest research institutions in the Leipzig region. With over 1,300 employees, it is the largest of a total of 14 faculties at Leipzig University and serves as a training center for approximately 3,600 students of human and dentistry, pharmacy, and midwifery.
